Cookware set

It's the little things that make for a seamless experience in the kitchen. Like a litre scale inside saucepans, so you know exactly how much is inside the pot without the need to pre-measure. With the three-piece NEFF cookware set, two glass-lidded saucepans and a non-stick frying pan let you fry, stew and sizzle your way to a festive feast. Crafted from quality stainless steel, these durable kitchen accessories are suitable for induction hobs, ovens (the glass lids up to 220 degrees) and dishwashers. Goodbye fuss, hello ease.

Griddle plate

Combining the fun of grilling with the ease of cooking, the versatile NEFF griddle plate is ideal for cooking food quickly and evenly, particularly when grilling meat, fish, seafood and vegetables. This easy-to-clean and dishwasher-safe kitchen accessory transforms the flexible cooking zone on NEFF ovens into a grill, while the typical grill pattern allows oil to run down the gaps – making whipping up healthy meals for friends and family a cinch.
