

Dishwasher Types Explained

A dishwasher isn't an everyday home purchase. And with so many designs on the market, the choice can be slightly overwhelming. Whether as a part of a renovation, an upgrade or. First-time purchase, this guide will help you choose the right dishwasher for your kitchen.

Fully Integrated Dishwashers

Completely concealed behind your cabinetry of choice, the controls are revealed when you open the dishwasher door.

Whether it's an upgrade you've been dreaming about forever or a fresh new kitchen, a fully-integrated dishwasher will hold the lines of your kitchen in seamless unison. The integration of cabinetry with appliances is the fastest way to a premium look. By knowing which appliances you want to install before you start your upgrade, renovation or build, you can create a kitchen that will feel harmonious for years to come.

A fully-integrated dishwasher completely hides the control panel for true invisibility, creating a feel of unison and a designed aesthetic.

NEFF [fully integrated](#) dishwashers open with a simple touch of the dishwasher, perfect for a sleek, handle-free kitchen. Being remarkably quiet you'll wonder if its is on or not. TimeLight is a smart way around that projecting the wash status onto the floor.

Semi-Integrated Dishwashers

For the best of both worlds, the top display fascia is presented, while

your bespoke cabinetry conceals the body.

A semi-integrated integrated dishwasher combines the subtlety of a fully integrated model with the functionality of visible control panel access. NEFF [semi-integrated](#) dishwashers don't hide away their wash status and time remaining displays, so you can keep an eye on your wash from a distance.

Built Under Dishwashers

Built-under dishwashers are designer for installation under a bench top.

Whilst maybe a necessary expense, developing (or redeveloping) your kitchen can be a costly exercise. [Built under](#) dishwashers are a way of maintaining maximum functionality while saving on cost—all money that you can redirect back into your renovation if needs be. Though they may not have the same degree of sleek, form-fitting subtlety that a fully integrated dishwasher might, modern built under dishwashers can still be a congruous, balanced addition to your new or revamped kitchen.

No matter the size of your kitchen development or upgrade, there is a

dishwasher that will be the perfect finishing touch. Whether you are looking to create a seamlessly modern kitchen, or enjoy full control visibility, the NEFF dishwasher range has you covered.
