

Slide & Hide®: the oven feature you didn't know you needed

Have you ever bought a kitchen gadget and thought, 'how did I ever live without this?' Here at NEFF, we definitely have! From a time-saving blender to a handy knife sharpener, there's just some things that are a must-have for keen cooks. And our [Slide & Hide®](#) oven is one of them.

What is Slide & Hide®?

We're so glad you asked! [Slide & Hide®](#) is NEFF's retractable oven door. Upon opening, the oven door slides under the cavity, allowing you to gain complete access to your cooking environment. It's out of the way – meaning you have more space to focus on cooking and creating! Additionally, it is the only oven with the disappearing door.

What's so good about Slide & Hide®?

Picture the scene: it's a Sunday afternoon and you're about to take your delicious roast out of a very hot oven. You open the door, lean in to remove the heavy dish and on the way back out you burn hand on the side of the door. Ouch! It's probably a familiar story to most, and a painful one at that.

Which is exactly why we created our unique Slide & Hide® oven door. Say goodbye to the days of awkward bending as you get up close and personal to season and stir your favourite dishes.

What's the best oven?

We're a little biased but our NEFF Slide & Hide® ovens have been [loved by customers for over 20 years](#) now. And our is a crowd favourite. With its self-cleaning and [Circo Therm®](#) functions, this appliance makes cooking a breeze. Our come in a range of unique colours to match your kitchen design and build a dream kitchen as unique as you.

Here are some more of the benefits:

- **Better access:** Slide & Hide® allows for flexible cooking, letting you baste, taste and monitor food easily during the cooking process when you are entertaining or cooking for your family
- **Easier lifting:** With better access to the oven cavity, it's also easier to lift out heavy or large items, avoiding the dangers of drops or spills. It comes in handy when you are preparing multiple things at once.
- **Space saving ovens – Perfect for small kitchens.** The disappearing door allows for one or more people to easily move around the kitchen.
- **Comfortable, rotating handle:** The revolutionary Slide & Hide® handle is easy on the wrist so you can use it year after year, without strains.
- **German made since 1877:** Our state-of-the art NEFF factory produces over all our ovens, all to the exacting standards of testing and quality control you would expect from a leading German brand.
- **Backed with a 4-year warranty:** We are so confident in the quality of our products that we offer customers a 4-year warranty on parts and labour.
- **Innovative Kitchen Appliances:** Add a touch of innovation to your dream kitchen with distinct and unique kitchen appliance that adds 'fun' in functional.

And if that's not enough, listen to what our customers have to say about Slide & Hide®:

"We clearly made the right choice with our Neff oven. It looks great, and the settings screen is easy to use – which was super important for me, with only basic cooking skills. Also loving the slide & hide door. We're 100% certain that we chose wisely and got the Neff."

"Love cooking in my oven has such even cooking. I especially like the slide and hide door which makes life easy"

"The first thing I absolutely love about this oven is the slide and hide

door...what a brilliant and convenient design. But the oven is so much more – precise in temperature, including the perfect meat probe, incredibly sealed so that it's perfectly cool to touch from the outside, and with the added steam and bread baking features.”
