

The NEFF kitchens we're looking to for inspiration

There's lots to think about when renovating your kitchen – from the colour scheme to the layout and aesthetics. A great way to map out your vision is to take inspiration from others, which is why we've put together a list of some of the NEFF kitchens we're loving at the moment. See what you can create!

Green goodness

It's been one of the most popular colours of the year and this [on-trend green](#) isn't going anywhere. We love how bold [@jaysonbuilders](#) were in incorporating colourful cupboards, while the earthy tones give this kitchen a sense of calm. The NEFF double ovens and induction cooktop fit in perfectly, without detracting from the overall style and feel.

Timber dreams

The use of [light, natural timber never gets old](#) and it's the standout feature in this stylish kitchen. Perfectly accentuated by a muted colour pallet, as well as a cooler grey stone splashback and benchtops, this space oozes luxury. The inclusion of quality products like the [NEFF induction cooktop](#) and [ovens](#) mean [@voguehaus](#) will have no trouble whipping up a scrumptious meal or hosting a get-together to impress.

Monochrome magic

There's something moody yet magical about a monochrome aesthetic. From the integrated cupboards (behind which appliances such as the fridge are hidden) to the track lighting above, @northernbeacheskitchens have kept the kitchen light and bright, despite its darker colour scheme. And with an island bench for entertaining and enough space to cook up a storm, there's lots to love – including the [NEFF double oven](#) which sits seamlessly on the far-right side.

Pops of colour

This one is something special. Like something out of the pages of Vogue Living, this fun and colourful kitchen by [@alterecodesign](#) blends timber with a terrazzo-style countertop and pendant lighting. A bold, black-framed window enables light to fill the space while open-plan shelving allows the owner's style to come through with décor and other displays.

Minimalist heaven

It's a [minimalist's dream](#): a white marble island bench, sleek overhead cupboards and grey draws, plus gold handles and tapware. And the inclusion of [NEFF ovens](#), our [built-in coffee machine](#) and [vented cooktop](#) ensures this kitchen not only looks good, but functions well, too.

You can attend a [free NEFF demonstration](#) near you to learn more about the full range of NEFF products and see these in person for yourself to best understand how they can bring your dream kitchen to life.

About NEFF

NEFF is a German-engineered kitchen appliance brand, with a product range that includes ovens, cooktops, rangehoods, coffee machines and dishwashers designed to make life in the kitchen a daily pleasure. For people who love to cook, NEFF gives you the tools to create meaningful connections, express your creativity and make memories. Because real life happens in the kitchen.
