

# Breakfasts you can make in bulk and have throughout the week

Breakfast: the most important meal of the day – and unfortunately also the one we never have time to make. Never fear...

Here is the life hack that we have all been waiting for: you can make some of the most delicious breakfast recipes ahead of time and whip them out in under 5 minutes when your third (or fourteenth) alarm goes off.

These bulk breakfast ideas can be chipped away at throughout the week. It might seem like cheating, but these recipes were built for the job. From crunchy homemade granola, to quick and easy breakfast muffins (so good they may not last the week), we've picked our favourite ways to start the day – the recipes that just keep on giving:

## [Quinoa and Wattleseed Granola](#)

There are few things as impressive as homemade granola, but a jar of the nutty, vanilla-laced crunch is deceptively easy to make. [This guilt-free recipe](#) features our favourite roasted Wattleseeds for a truly Australian wake-up.

You may also like this spiced seed [granola with homemade coconut yogurt](#).

## [Banana Bread with Raspberries](#)

For those mornings when you're on the run, a hot piece of buttered homemade banana bread makes any rush worth it. Simply cut a slice and toast it as you make your coffee. [This recipe](#) includes extra raspberries (and choc chips if you're that way inclined) for that breakfast punch.

Ready to turn those ripe bananas into magic? Don't forget to read [these tips](#) about how to perfect your bake every time. And if you're feeling creative, elevate your morning loaf with [a few personalised touches](#), from nuts to

spices.

### **Pancakes with Cinnamon Butter**

It takes less than 10 min to fry a stack of fluffy pancakes, but the joy that comes with each mouthful will last the whole day. Make [this tasty pancake mixture](#) and cinnamon-infused butter on a Sunday afternoon and refrigerate – you're good to go in the mornings throughout the week.

Looking for something more adventurous? Try experimenting with [these twists on the classic breakfast pancake](#) – some a little sweeter, some more savoury.

### **Blueberry Breakfast Muffins**

Nothing says breakfast like a fresh blueberry. So if you're looking for an easy and scrumptious pre-work snack, look no further than [these fruity coconut muffins](#). Packed with juicy blueberries and cinnamon, these single-serve and delightfully fluffy muffins take less than 20 minutes to bake using [VarioSteam](#) and [CircoTherm](#), and go perfectly with a Wednesday morning coffee (and again for afternoon tea).

Want something a little sweeter? Try our [banana and chocolate muffins](#) on for size instead.
