

10 Things To Love About the NEFF Dishwasher Range

If the kitchen is the heart of the home, then the dishwasher is what keeps it running on time. The new NEFF range of dishwashers combine powerful functionality with seamless design, whether you're looking for a [fully-integrated](#), [semi-integrated](#) or [built-under](#) design for your kitchen. There's so much to love about this selection, so we thought we'd share 10 reasons why the NEFF dishwasher range is perfect for your kitchen.

1. Made In Germany

Founded in 1877 in southern Germany, NEFF epitomises world-renown German engineering. With a 105,000m² manufacturing facility in Bretton, Germany, every NEFF appliance is a product of the NEFF focus on innovation, ecological thinking, and subject to rigorous quality standards.

2. 4 Year Warranty

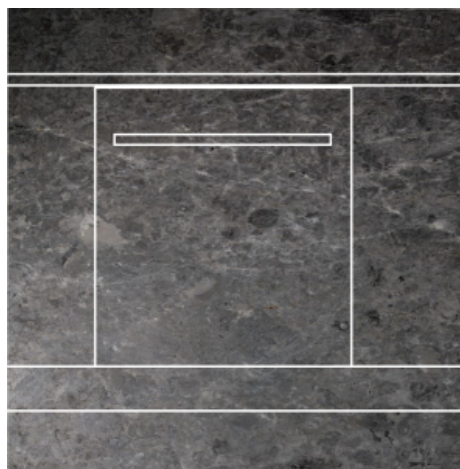

Feel secure with a 4 year warranty period, where, so long as warranty conditions are [met](#), repair and replacement of your NEFF product including parts and labour, will be covered at no extra cost.

3. Flexible

NEFF dishwashers have multiple features making your dishwashes ultra flexible. When you need more room above or below, RackMatic lets you adjust the height of the top basket. Create space for your big diameter plates in the bottom basket. To make your life even easier, all adjustable elements in the baskets are marked clearly in red so that you can spot them at a glance.

4. Build Types.

If you're looking for a sleek modern kitchen, then the NEFF range has you covered. The NEFF range of dishwashers included [fully integrated](#), [semi-integrated](#) and [built-under](#) models offer something for every type of kitchen, whether you're looking for seamless design or fast access in your appliance layout.

5. SilentDrive

NEFF dishwashers go the extra mile to make the kitchen a place for conversation and relaxation. At a working sound range between 42 and 44db, NEFF dishwashers use a SilentDrive brushless motors for extra quiet operation. You'll barely even know it's on.

6. The Top Drawers

The **Flex Cutlery Drawer** is great for larger pieces of cutlery, espresso cups or cooking and baking utensils thanks to the lowerable and foldable racks.

The **Flex Third Basket** provides 25% more space, it provides flexibility for the tricky items you previously struggled to find a place for, such as mixer attachments.

7. Chef 70.

For heavily soiled dishes and kitchenware with baked-on stains, you can't go past the Chef 70. This intensive program is expressly designed for lifting the tougher grime, so you don't have to.

8. DosageAssist.

The NEFF dishwasher range are designed with efficiency. The NEFF DosageAssist makes sure that your dishwashing liquid is evenly and efficiently distributed through your wash, to guarantee the best results.

9. VarioSpeed.

VarioSpeed can reduce the running time by between 20% to 66% depending on the selected rinse program. With VarioSpeed you can also decide to reduce the remaining wash time after the cycle has already started.

Even better, the Quick29 Minutes 45°C program is an express cleaning function that offers a powerful clean, so you get your dishes back sparkling even faster.

10. AquaSensor and LoadSensor.

The AquaSensor and LoadSensor features in the new NEFF dishwasher range highlight the adaptability and efficiency of their German design. AquaSensor calibrates the amount of water used depending on the degree

of soiling and LoadSensor automatically optimizes water usage to your load, saving on water and electricity.
