

THE NEFF KITCHEN

For lovers of food and NEFF appliances.

Our demonstrations can be a great introduction to NEFF appliances or the perfect refresher for those wanting to ensure they're using their current products to their full potential.

What to expect at a NEFF demo

With NEFF demonstrations taking place throughout the country, now is the perfect time to reserve your spot and learn more about the range of NEFF products. If you're unsure about whether it's worth your time to come along to a demonstration, we'll help you to understand a little bit more clearly what is involved and what you can expect to get out of attending.

What happens in a NEFF demonstration?

Our product demonstrations are a unique opportunity to experience some of NEFF's appliances in action – all while sampling delicious food. Our experience demonstrators will give you a feel for how the appliances are used, the benefits of functions that are unique to NEFF products and tips for preparing your own delicious meals.

They'll take you through the recipes they're creating, fill you in on the features they're using and give you a chance to try them (the recipes and the appliances) for yourself. With a full belly, you'll leave excited about the possibilities NEFF appliances hold in store for your cooking.

Where are the NEFF demonstrations held?

There are demonstration locations throughout the country, and you can search for one near you on our demonstrations page. They're held at varying locations, including the NEFF Kitchen at South Melbourne Market in Victoria to the test kitchens of our retail partners.

Who runs the NEFF demonstrations?

When you attend a NEFF demonstration, a cooking specialist and NEFF enthusiast will be your guide. Each of our demonstrators is an experienced cook, with a passion for cooking that shines through in all of their recipes.

How long are the demonstrations?

Your demonstration will run for two to three hours, but don't worry, you'll be well fed during that time.

Can I just turn up?

Our official product demonstrations have strictly limited spaces, so it is essential that you reserve your place. However, some of our retail partners have set times where a NEFF expert is available in-store. These are not actual product demonstrations,

but a chance for you to quickly speak to an expert or ask your burning questions. Check out our demonstrations page for more information about the upcoming locations and booking requirements.

How much do they cost?

Our product demonstrations are free for you to attend.

What products can I see?

Our demonstrations are designed to show you delicious recipes that can be made across a range of products, including FullSteam ovens and Induction Cooktops. When making your booking, let your demonstrator know which products you're interested in seeing and they'll be sure to include them in the line-up for the day.
