A microwave is a kitchen staple. The perfect appliance to heat up your food quickly and conveniently, in a very small space. Whether it's warming up leftovers, or cooking oats, it's your go-to device for a hot dish when you are in a rush. But a microwave can be quite an eyesore, taking up space on your kitchen bench or in the pantry.

Luckily, NEFF has been creating stylish, versatile and user-friendly appliances for more than 100 years, and have created sleek microwave solutions that will look great in your kitchen. You can choose from [compact ovens with microwave functionality](#) or built in microwaves to prepare your food just that little bit faster.

Built in microwaves

For those home cooks who are always in a hurry, it's hard to look past the [NEFF Built In Microwave \(C17WR00N0A\)](#). The appliance has seven automatic programs, modern LED lighting and double glazed doors, helping you cook efficiently in a very small space, while providing more room to deck out your kitchen with the essentials.

Compact ovens with microwave functionality

A great way to maximise space in your kitchen is to combine multiple appliances in one – just like NEFF's induction cooktop and range hood duo. One of the most popular choices is a compact oven with microwave functionality, that acts as a regular oven, but has the added bonus of also being a microwave, with handy automatic programs that meet your unique culinary needs.

NEFF's range of compact ovens with microwave functionality include:

- Compact oven with microwave
- Pyrolytic compact oven with microwave
- Pyrolytic compact oven with microwave and variosteam

Depending on your chosen model, you'll enjoy handy automatic programmes that suggest ideal cooking times, a full-touch TFT display and a

memory function that allows you to select your favourite setting at the touch of a button. Some microwaves even have a feature grill which will make the appliance even more convenient when you need to finish off your dish with a golden topping.
