Preheat oven on CircoTherm® to 120°C.

Whip the egg whites with an electric mixer until stiff peaks form then gradually add the sugar 2 tablespoons at a time, beat well between each addition until the meringue is thick and the sugar has dissolved. Gently fold through the cinnamon.

Grease and baking paper line 2 large oven trays. On each draw a 25cm circle and then a smaller 15cm circle in the centre of each to form the wreath template.

Beat the cream cheese, sugar and vanilla until smooth then add the cream and beat until thick.

Place one wreath onto the serving plate and top with half the cream and half the berries. Leave the second meringue on the tray and top with remaining cream and fruit.
