### Vietnamese apple salad

- 1 handful mint leaves
- 1 handful coriander leaves

## Method

Combine all of the sous vide ingredients in a small bowl and mix well. Place the pork fillet in a vacuum seal bag and top with marinade. Seal vacuum seal bag.

Place the prepared pork on the large perforated stainless steel tray and place in the oven. Select Sous vide and adjust temperature to 65°C. Cook pork for 1 hour. While the pork is cooking prepare the salad.

In a serving bowl, mix together the lettuce mix with the mint and coriander leaves. Top with the shallot, tomatoes and peanuts.

Combine all of the apple pickle dressing ingredients together in a bowl and allow to stand for at least 20 minutes.

After pork has cooked for 1 hour, remove from the oven. Heat a char grill plate or fry pan on Induction level 8 or gas FlameSelect level 8.
